INTRODUCTION

KOICA

- ❑ Career Counseling and career development support is a professional advice provided by career counselors and coaches to their clients, to help them to manage their life journey through learning and work changes (career).
- ❑ This includes career exploration, making career choices, managing career changes, lifelong career development and dealing with other career-related issues.
- ❑ It is the learning process that helps students, jobseekers, employees and business owners get to know their lifelong purposes and how they can achieve them.
- ❑ Lifelong career goals like becoming senior executive of a multinational company, or Business owner, or becoming Head of the State, or pursuing other passions and interests.

CAREER COUNSELLING MODULE
